PROJECTS

K-OS | macOS-inspired Personal Portfolio

[Live Demo](#) | [GitHub](#)

React.js • JavaScript • Vite • HTML • CSS

- Developed an interactive macOS-inspired desktop environment featuring draggable windows, Finder, Dock, Menu Bar, and desktop applications.
- Implemented light and dark themes, wallpaper customization, Control Center, and responsive window management.
- Built reusable React components using a modular architecture to improve maintainability and simplify future feature development.
- Designed smooth animations and desktop-like interactions to deliver a native desktop experience in the browser.

ACHIEVEMENTS

- Recognized as an **NTSE Scholar** for outstanding academic performance.
- Secured **AIR 7088** in JEE Main 2025, placing among the **top 0.5%** of over 1.5 million candidates.
- Solved 1130+ problems across LeetCode, Codeforces, and CodeChef.
- Achieved a maximum contest rating of **1522** on LeetCode and **1213 (Pupil)** on Codeforces.

POSITIONS OF RESPONSIBILITY

MNNIT Times (SMP)

Jun 2026 – Present

Media Specialist

- Contribute to the official campus media body by creating and managing content for student communications.
- Collaborate with the editorial team to publish campus news, event coverage, and student-focused content.
- Strengthened communication, teamwork, and content management skills through regular publication activities.

Anokhi Pehel

Oct 2025 – Present

Educator

- Mentored underprivileged students by teaching multiple academic subjects through structured classroom sessions.
- Prepared lesson plans and simplified concepts to enhance students' conceptual understanding.
- Developed communication, leadership, and public speaking skills while working closely with students and fellow volunteers.
